

WELCOME GUIDE

Welcome to Ada House CNX.

A premium coliving house in Chiang Mai, designed for long stays, remote work, and comfortable living. Everything you need to settle in, in the next few pages.

We're delighted to welcome you and hope you'll enjoy a *comfortable, relaxing,* and pleasant stay with us.

This guide gathers everything you need to make yourself at home — the essentials, the spaces, the rules, and where to reach us if you need anything at all.

At Ada House, we love sharing moments and creating connections with our guests, while striving to offer everyone as much privacy and comfort as possible. If you check in late, or move around during evening and nighttime hours, please help us maintain a peaceful atmosphere by walking gently on the upstairs wooden floors and avoiding slamming doors.

Thank you for your understanding and cooperation. We truly appreciate it and wish you a wonderful stay.

Living, cooking, breathing.

The shared spaces where most of life at Ada House happens.

Living room

A warm shared space with brick walls, exposed wooden beams, framed art and rattan seating — where guests gather, watch a movie, or work side by side.

- TV with True satellite channels
- Coworking table with built-in power sockets
- High-speed internet
- Whiteboard & small library

Kitchen

A professional-feel kitchen built for guests who actually cook — large fridge, gas, oven, prep counters, full set of pots, pans, and utensils.

- US-size refrigerator with per-guest shelves
- Water filter — hot and cold filtered water
- Tea, coffee, oil, salt, pepper always provided

Back balcony

Located at the back of the house on the ground floor, next to Room 4. Walk past the kitchen and you'll find it on the left-hand side — a wooden deck with hammock and tree views.

Showers & bathrooms.

Multiple bathroom areas distributed across the house — thoughtfully designed for comfort and low traffic.

Main shower area

Located to the **left of the staircase**, across the living room and through the glass door. **Toilets and showers are separate for men and women.** The space is clean and well-equipped with mirrors, vanities, hairdryers, and a high-performance hot water system with excellent pressure for a truly comfortable shower experience.

Additional bathrooms

There is an **additional shower and toilet upstairs**, as well as a **smaller shower and toilet on the ground floor** which can be **privatized** if needed for extra convenience. Just let us know. Our dedicated cleaning staff maintains the bathrooms several times a day.

House guidelines.

Our main rule is simple: **respect the people and the place.** Beyond that, just a few quiet things to keep in mind.

- **Quiet hours**

No loud noise from **11:00 PM** to **8:00 AM**. Walk softly on wooden floors.

- **Reasonable shower length**

Please keep showers reasonably short — tropical water savings matter.

- **Air conditioning**

Avoid running AC continuously at very low temperatures. Use it responsibly and turn it off when leaving the room.

- **Bed linens**

Take care of bed linens — they are new and will be checked at check-out.

- **Shared spaces**

Please treat shared spaces with care and consideration for the next guest.
